THE CHARLEROI MAIL

VOLUME XXI—NO. 190 CHARLEROI, WASHINGTON COUNTY PENNSYLVANIA TUESDAY, JANUARY 18, 1921 TWO CENTS.

WOMEN BEING ENROLLED AS MEMBERS OF NEW ORGANIZATION

Eight Have Already Enrolled, with Prospects for Many More

MEN RESPONDING GENEROUSLY

Eight women are members of the Charleroi Chamber of Commerce. Their applications were reported yesterday at the first luncheon of the team organization by Miss Minnie B. Richardson, who is the head of the women's division.

The first eight are: Mrs. J. D. Berryman, Mrs. Louis Collins, Mrs. J. C. Enos, Mrs. C. J. Mogan, Mrs. Seraphine Monshecount, Miss Minnie B. Richardson, Mrs. V. P. Stewart, and Mrs. C. C. Wright.

Memberships reported by the men's teams brought the total of the first day to 194, the cards turned in being as follows; figures after a name indicate the number of plural memberships taken:

C. W. Albright, Sr., Louis Alterici F. G. Bailey, Laurence J. Bailey, A. F. Beaumariage, V. Bagini, I. Birken, Shanor R. Blythe

Kenneth Cadwallader, J. R. Carroll, Ross M. Carson, Charleroi Turn Verein, Claybaugh & Milliken (2), W. E. Clark, Ewert A. Cleuhue, M. T. Crowley.

C. W. Davidson, John H. Deitz, T. C. Dillon, E. E. Doerzbacher.

J. Clive Enos.

Eugene Fau, Fau Dry Goods Company (4), Dr. J. W. Ferman, Wm. Fries, Lawrence B. Frye.

Chas. M. Gennaula, Max Goldsmith, George Gunderman.

Louis Haas, Sam Haas, C. Hadjautenis, J. G. Hagenah, Calvin E. Higgins, Brent Hockman, H. W. Houseman.

Independent Slovak Political Club, Frank J. John.

John A. Kubasiak.

J. W. Latchem, Peter Lee, Leith Electric Company, Arsene Lenfant, Abe Levinson, Edmond Lyon, Glenn R. Lynn.

Dr. Edwin McKay, Nathan Malin, Dr. J. W. Manon, Albert M. Marshall, G. A. Martucci, Sherman M. Mason, J. E. Masters (2) Methodist Episcopal Church (Rev. L. H. Greenlee) Guy Moffitt, R. C. Mountser.

Pete Naylor, Ira L. Nickeson.

U. S. Orange.

Palace Pool Parlor, C. Parent, Edwin W. Patton, H. Porter, H. E. Price.

George W. Risbeck.

Leo Sabatini, John Sallor, Eugene R. Sance, F. W. Schempp, Carl Godfrey Schmieler, Paul Smereko, Henry A. Sloan, Roe T. Soule, F. C. Stahlman, . C. Sutherland, Rev. Andrew B. Svasko

Jesse C Waggoner, James S. Waggner, Wall Motor Company, Walton Lumber Company (4) John Wise, Woodward Garage, Jos. W. Wright, H. C. Yon.

Within an even 70 of the goal of 400, the drive of the Charleroi Chamber of Commerce on the second day showed a total of 330 membership actually reported.

But that is not the whole truth. It is known that some of the Captains are holding back signed application cards and there are from 30 to 50 "plurals" which are certain, therefore the probable membership is already close to 400.

There was another tremendous outburst of enthusiasm at the luncheon today when the figures were posted, but no doubt whatever that tomorrow will show the 400 mark in the rear. Teams renewed their determination to make it 500 or 600.

Today's speaker was Sherrard Ewing of New York. Tomorrow "Joe" Guy, secretary of the Chambersburg organization will speak. The team report:

Major B. B. Fox 5; Captains, R. V. Golden 7, D. R. Hormell 5, Geo. W. Might 11, R. C. Mountser 15.

Major W. H. Milliken 31, Cleve Mathers 12, Arch Osborne 12, Fred Powell 5.

Major Fred W. Pieper 0, Captains, Bruce K. Barnett 19, Fred W. Brady 6, Jos. M. Brand 0.

Major Howard Terbush 44, Captains, C. S. Bliss 13, H. E. Price 9, John B. Schafer 35; J. G. Steinbaugh 32.

Major Carl M. Wertz 12, Captains, C. W. Davidson 4, Dr. B. D. Hetrick 2, Paul A. Kimmins 8, Guy Woodward 17.

Women's Division, Miss Minnie B. Richardson, Major, 10; making a total of 330.

BRAKEMEN THROWN FROM TRAIN INTO RIVER

Charles Miller, aged 27, of Glassport, a brakeman on the Pittsburg and Lake Erie railroad, was thrown into the Youghiogheny river at McKeesport, when the train on which he was working stopped suddenly on the 6Furth avenuebridge Sunday night. He was missed at once by a fellow trainman, who organized a searching party which dredged the river, but they were unable to recover the body.

WOMEN MUST PAY OCCUPATION TAX

In considering the budget for the coming year for the county finances the fact that women of the county will be required to pay this year an occupation tax will be taken into consideration.

Assessors, almost all of whom have made their returns to the commissioners, have assessed women with an occupation tax on the same basis as men are assessed. The payment of this tax gives them the right to vote, and a receipt showing this tax paid will overrule any challenge at the polls. It is understood that women will be assessed at the $100 or $125 figure. Under the present millage this would make the tax 75 cents or 94 cents according to the assessment.

NOTICE TO P. H. C. MEMBERS

ALL MEMBERS OF THE PROTECTED HOME CIRCLE ARE URGED TO ATTEND THE HOME COMING CELEBRATION AND CLASS INITIATION TO BE HELD IN MIGHT'S AUDITORIUM, TUESDAY EVENING. AFTER THE PROGRAM THERE WILL BE ROUND AND SQUARE DANCING. COME ONE, COME ALL AND HAVE A GLORIOUS TIME. COMMITTEE. 189-t2

Attempt Made to Fire Gasoline Plant at Speers

An attempt was made to burn the plant of the Atlantic Refining company at Speers, at an early hour this morning, but the vigilance of the watchman, William Kaupps, prevented the firebug from carrying out his plans.

At 1.15 this morning the watchman was making his rounds, when he discovered a man near the fence in the rear of the plant, acting in a suspicious manner. The watchman flashed his battery light on him, but as the cells were weak he could not get a good look at the stranger. As soon as the man saw the watchman flash his light he started to run, the watchman at the same time firing three shots after the fleeing form of the would-be firebug. Kaupps immediately summoned the manager of the plant, George Andrews, and an examination was made. They found a quantity of fine wood piled against the fence, with a number of palings pulled from an adjoining fence lying near by ready to feed the fire, once it was started. The fence around the plant is18 feet high, and had a fire been started it would have been difficult to subdue, inasmuch as the plant selected for the fire was within three feet of a big tank containing 25,000 gallons of gasoline.

There is no clue as to the identity of the man, nor is there any reason known why he should attempt the destruction of the plant by fire.

TO DISBAND HOME DEFENSE POLICE

Prompt steps to ascertain how many commissions of volunteer policemen, issued during the war with Germany, under the act of 1917 are still effective will be taken up by state officials at Harrisburg as the result of the opinion of Attorney General Alter to Governor Sproul, advising him that he may terminate this auxiliary force at his pleasure. It is estimated there that about 15,000 men were sent commissions as volunteer policement during the war with Germany. These commissions were all issued during the Brumbaugh administration, the men commissioned to have the powers of policemen and also to have the power to form an emergency body of citizens to supplement the police force or sheriff's deputies.

According to an opinion of the Attorney General, given last week, these officers are still declared to possess the power to arrest in their home or possess the power to arrest in their home district they have occupied a somewhat anomalous position, still having the power to arrest, but never being called into service.

Old Man Dollar says "Every Nimble Dollar is worth $1.10 besides the great reductions already given at Berryman's Nimble Dollar Sale. If you want to spend more Nimble Dollars just ask for them. 189-t2*

MID-YEAR CLASS TO PRESENT PLAY

The three-act comedy by Sydney Grundy, 'Truth, a la Mode,' is in course of preparation by the Mid-Year Class of '21, and will be presented at the high school auditorium on Thursday evening next. The production will be under the direction of Miss F Maud Beck and promises to be one of excellence, and in keeping with the high standard of former class plays. The cast is as follows:

Mr. Arthur Hummingtop—Raymond Rossomme.

Ralph Ormerod—Howard Bradley.
Joshua Gillibrand—Irwin Lichter.
Dobson—Russell Jones.
Mrs. Hummingtop—Sudie Zellers.
Mrs. Gillibrand—Mary Berryman.
Rosa Colombier—Audrey Michener
Daisy Maitland—Ruth Fellows.
Barbara—Ruth Minich.

Admission will be by reserved ticket, and all holders of general admission tickets must procure same, which may be done without extra charge. Members of the graduating class will have the first preference of seats.

"Red" Parkhurst, the famous motorcycle speed king will tell of his long racing career. Hear him. Turner Hall, Wednesday, Jan. 19. 8 p. m. Albrights. Free. 188t3*

Old Man Dollar says "Every Nimble Dollar is worth $1.10 besides the great reductions already given at Berryman's Nimble Dollar Sale. If you want to spend more Nimble Dollars just ask for them. 189-t2*

Born—To Mr. and Mrs. Ellsworth Hickey—a daughter, Elizabeth Jane.

STATE HIGHWAY DEPARTMENT TO ENFORCE WEIGHT REGULATION

ANNUAL CONVENTION OF ROAD SUPERVISORS

The annual convention of the supervisors' association of Washington county will be held in the public meeting room of the court house on Tuesday, January 18, being called to order at 10 o'clock a. m. Joseph W. Hunter, township commissioner of the state highway department, or a representative of thetownship division, will be present and will explain and answer questions relative to the state reward act.

First Case Heard in Court on Monday for Overloading Trucks

OTHER CASES TO BE HEARD

The first case to reach the Washington county courts, involving the overloading of auto trucks, was before Judge J. A. McIlvaine on Monday, when Joseph Mudrak of Charleroi, entered a plea of guilty to a violation of the state act. The minimum sentence of $25 and costs was imposed.

The prosecution was made by E. F Moriarty, of Pittsburg, representing the State Highway department. Working in conjunction with Mr. Moriarty in this county was Grover C. Zelt of Washington. The campaign against this overloading of trucks is for the purpose of protecting the state highways. There are about 30 prosecutions, similar to the one disposed of on Monday, pending in court.

At first representatives of the State Highway department simply warned auto drivers against exceeding the capacity of their trucks; but now, since due notice has been given that it is a violation of the law to overload a truck, prosecutions are being made. Many tests have been made of trucks in the past several weeks.

Mr. Murdak's violation was not a wilful one, he being wrongly informed as to how much of a load he could put on his truck. It appears the capacity of his truck, as stamped on it by the manufacturer, was 9,-150 pounds. He had on the truck when a test was made of it, 12,300 pounds.

The State Highway department expects to follow up closely this habit of overloading trucks, it being imperative, if state highways are to be kept from serious damage, that truck loads shall be reasonable in weight.

SENIOR HONORS ARE AWARDED

Winners of senior honors, in connection with the Mid-Year Class of '21, whose graduation exercises will take place at the high school auditorium on Thursday evening, January 27, are as follows:

Howard Bradley—94.069.
Irwin Lichter—94.480.
Mary Berryman—93.200.
Raymond Rissomme—92.888.
Ruth Minich—91.111.
Ruth Fellows—91.000.

The high standard attained by the above is very gratifying to their instructors, and the pupils themselves are deserving of much praise for the splendid work accomplished. "Senior Honors" are awarded each year to the pupil having a standing of 90 per cent, or better, in all subjects, and every member of the class is eligible for this distinction, whether in the class during the four years, or not. "Honors in Course" are awarded at the conclusion of the four-year course to the pupil with a general average of 90 per cent or better, but, in order to be eligible for this honor, a pupil must have spent the full four years as a member of the class.

YOUNG LADIES FURNISH MUSIC FOR LUNCHEON

Miss Elizabeth Yallag and Miss Minnie Cooper are furnishing the music for the luncheons of the Chamber of Commerce workers this week at the Elks' Club, the former as pianist and the latter with the violin. The singing both days has been spirited and the numbers rendered by Miss Yallag and Miss Cooper add much to the enjoyment of the gatherings.

GOVERNMENT PROPS.

Apparently the experts agree that principle went overboard for the sake of expediency when the Senate rejected the President's veto of the resolution reviving the War Finance Corporation. Democrats joining with Republicans in the overwhelming vote. The majority of the country's financial opinion is said to have been in agreement with the view of Secretary Houston whose argument before the Senate committee received endorsement in President Wilson's veto, that the time has come to abandon the policy of putting government props under business. But Congressmen, especially of the West and South, are less concerned about the fact that the people must pay for the propping than about satisfying the clamoring grain and cotton producers among their constituents.

Nobody argues that this new prop or the old props furnished under war conditions should have a permanent place in our system. It is merely that a Congress readily responsive to the demands of producers does not agree with the President and Secretary Houston that the time has come to return or begin to return to correct principles. But if the time has not come for this, neither has it come for economy and reduction of taxes, reforms which in great part will have to wait until the government ceases to give crop guarantees, gets out of the shipping business and finally withdraws from railroad enterprise. As long as particular groups of interests have their cake the people must pay for it.

P. R. R. LABOR AGREEMENT

The Pennsylvania Railroad has signed an agreement with its employees whereby strikes on the road will be averted in the future. It was recognized by both sides to the understanding that cessation of work meant distress for all, and with that premise before them it was easy to reach a mutual agreement. The Poindexter anti-strike bill, pending in Congress aims to secure for the whole country the benefits that patrons of the Pennsylvania system will enjoy through the voluntary action of its officers and employees. The railroad act provides the machinery for the peaceful and impartial settlement of all rail disputes. The Poindexter bill simply penalizes a conspiracy having for its object interferencce with transportation. If it becomes a law it will, in conjunction with the transportation act, assure the people uninterrupted rail service, and bring justice and contentment to employees and employers alike.

Of course Villa found farming too tame. The Mexican government had better keep an eye on the Federal cavalry he now commands and may want to lead into revolt. As long as there is vigor in him the charm of his old life of a fighting bandit is apt to be alluring.

—Remember your dead. W. S. Cook and Co. Monuments with Lawrence Frye Funeral Director. 208tf

There were 8983 robberies in Chicago in 1919 and in spite of reforms it is said that the not yet completed record for 1920 will exceed 13,000. But that hustling new police chief may secure a better showing for 1921.

Returns from 60 of our most important cities—showing a death rate lower than that of 1919, which was also below normal—indicate that 1920 was one of the healthiest years recorded in the United States.

FEDERAL EMPLOYES WILL PROTEST DROPPING BONUS

The action of the House of Representatives on Friday last of dropping the $240 yearly bonus to Federal employes, allowed during the war, has started an organized protest in the Pittsburg district, where 1,200 or 1,500 persons are affected. A meeting is to be held soon and action of the meeting will be sent to the Senate Legislative, Executive and Judicial Appropriation Committee, which will receive the bill already passed by the House. Quite a number of employes at Lock 4 are affected.

WILL CONTINUE AS INSPECTOR ON ROAD

John J. Henrion, Inspector on the Charleroi Division of the Pittsburg Railways, who resigned his position several weeks ago to become effective January 1, has reconsidered his determination, and will remain with the company in the same capacity. Mr. Henrion has proven himself mose efficient in his position and the company finally prevailed upon him to continue as Inspector, which he has consented to do. Superintendent Yost has assigned him to daylight duty.

BEAVERS TOO MUCH FOR THE PANTHERS

The Beavers defeated the Panthers in a one-sided game Friday night. At the end of the first half the score was 14—1, but the Beavers eased up in the second half and the game ended with thescore 28—6. Lineup:

Steinbaugh	F	J. Berryman
Kendrick	F	Chaney
Elliott	C	Majors
Schultz	G	Atkins
Allen	G	Showers

STERLINGS WIN IN A VERY CLOSE GAME

The Sterling team of the H.T. A.C. defeated the Superior A. C. on the former's floor in a fast and interesting game by the score of 19 to 18.

Sterlings—19		Superior A. C.—18

Metternich's Egotism.

Instances of Metternich's self-satisfaction are everywhere in his autobiography and his private letters; one could almost be persuaded that the great Austrian statesman and diplomat was quite fond of himself. "I judge of the Revolution more truly than most men who have been in the midst of it," he writes. "I have to meet the German ministers, they expect me as a [illegible]." "Flahaut's memoirs of the year 1813 are worth reading—they contain my history as well as Napoleon's." "The public journals, which do not usually pass me over, follow my steps step by step." "As an instance of how right as often is acknowledged by the majority of people, I may mention the thorough confidence shown in me by all parties." In a letter concerning his daughter Hermione he says: "She is very like my mother; she possesses some of my characteristics." Kansas City Star.

Learn to Know Words Well.

Guesswork don't make Demosthenes or Cicero or Shakespeare a master. As one who has given his best efforts to teach them the right use of words, says: "Milton, mighty magician of majestic prose, under whose wonderful touch words became charmed and electrified; Flaubert, who believed that there was one and only one best word with which to express a given idea; De Quincey, with his grand power over words, and Lincoln, a simple Saxon speech—these illustrious men were assiduous in their study of words." For that matter, study words carefully if only to increase your conversational power. The greater your knowledge of words, the wider your range of thought will be and the easier you will find it to converse on any subject.—H. Addington Bruce in Chicago Daily News.

The Best Medicine.

Two tablets of oxalon three times a day. This is not only the best, but safe and pleasant to take. It suits all ages and constitutions. It is patterned by infinite wisdom, sealed with the Seal of Time. It comes cold for hot hands, pale faces, feeble lungs, and cold toppers. If two or three take together it has still more striking effect. It has often been known to reconcile enemies, settle matrimonial differences, and bring reluctant parties to a state of double blessedness. This medicine never fails. Spurious compounds are found in large towns; but get into the country lanes, among green fields or on the mountain top and you have it in perfection as prepared by the great laboratory of nature.—Dr. Guy Hinsdale in Good Housekeeping.

Walnuts a Valuable Food.

Walnuts, the scientists claim, are not only a substantial article of food, but they are an excellent substitute for flour. Walnuts contain far less water than either potatoes, beefsteak, or wheat flour, while the percentage of protein and fat is far in excess. There is only just over one per cent of fat in wheat flour and 18.5 in beefsteak as compared with 64.4 per cent in walnuts. California is one of the great growing grounds for walnuts at present, the industry increasing its wealth to the extent of more than $15,000,000 a year. The California walnut industry was started by a band of British farmers some years ago, who introduced the common English walnut into that part of the world.

"According to Hoyle."

Edmund Hoyle (1672-1769) was an English writer on whist and other card games. He was the first man to systematize the laws of whist, and for a time he supported himself by teaching the game. His famous "Short Treatise on Whist" appeared in London in 1742. Rules for other games, which included the "Short Treatise," were passed into many editions. His name has become proverbial, and the phrase "according to Hoyle" in common speech, means a book of rules and instructions for card games, especially the famous old book edited by Hoyle himself. The common expression, "according to Hoyle," means following the rules laid down in Hoyle.

Adam, an anglo-saxon antediluvian, ate an apple. Adam's angry Author promised angels at Adam's audacity; and, as all admit, Allah's affront admitted all. As is admitted, accepted Allah's punitive. "Abscond, Adam!" added Allah. Nimble Adam, and not as awkward apologist. Adam, absent-minded Adam, and abhor absinthe always. Adam amided away, and at all accounts is admitted accountability. "All gone away," asserted Adam, and [illegible] after all, Adam and apples are [illegible] associated [illegible] (Anyone Adam [illegible] apples.)—[illegible]

Ancient Uses of Fire

[illegible] Locrian Ajax [illegible] not [illegible] [illegible] The [illegible] Ajax according to [illegible] that [illegible] of [illegible] used in the [illegible] [illegible] [illegible] of Brennus [illegible] Light [illegible] were held at certain feasts in honor of Minerva, who gave them oil; of Vulcan, their inventor of lamps; and of Prometheus, who was said to have rendered them service by the fire which he had stolen from heaven.

BROWNSVILLE WATER CO. WANTS MORE MONEY

The Brownsville Water company has asked the public service commission to approve an advance in rates for domestic and fire service, the commission having fixed the rate after a hearing some months ago.

JUNIOR HIGH DENIES DEFEAT BY H. T. A. C.

The Junior High say that the H. T. A. C. defeated the Morgan A. C. and not the Junior High in a game last week. The Junior High desires games with any 16-year-old team from near-by towns.

Dishonesty.

Let a bishop appear and members of his church will be preached a great sermon. The appreciation is for the man's reputation and position. Thousands of books actually worthless receive what is called appreciation because they are written by noted men, printed by noted publishers. You laugh at the jokes of a clown but would not smile at the same nonsense offered by a neighbor. How the children laugh at the teacher's jokes. How an agent laughs at your jokes when he thinks he has you in a buying humor. We are actually honest about nothing.—E. W. Howe's Monthly

Alloy of Great Strength.

Bialloy-tal, the Italian war alloy of Adolfo Pomenah, is claimed to have greater strength than steel or any other metal with a higher limit of elasticity. It is an alloy of zinc and copper, endures a high temperature and resists corrosion better than copper. Its lightness, great strength and noncorrosiveness have fitted it especially for airplane and ship construction. Though stated to be not yet fully developed, its varieties offer advantages in working as substitutes for steel, brass and aluminum, and can be cast, turned, drawn, forged rolled and stamped.

Can't Overcrowd Brain.

Don't be afraid of thinking too much. You can't. "The more the mind does," said William James, "the more it can do." A great doctor—Dr. Boris Sidis— recently said: "In all my practice as a physician dealing with nervous and mental diseases, I can say without hesitation that I have not met a single case of nervous or mental trouble caused by too much thinking or overstudy. What produces mental trouble is worry—emotional excitement—lack of interest in one's work."

So don't be afraid. Think. Study. Plan. Train your mental powers. You cannot overwork the brain as long as you allow it time to recuperate. It is worry that destroys the brain—worry and fear and bad feelings and mental illness.—From Marketing.

Popular Belief in "Charms."

As early as the beginning of the Eighth century, the church publicly condemned the usage of amulets. Jet was then being sold as a medicine, and believed to be effective for curing hysteria and driving away snakes. Loadstones were used to cure the gout at a much later time, and philosophers' stones were supposed to hold the key to all knowledge. In rural sections of the United States today, "mad stones," taken from deer, are treasured as being sure cures for the bites of rattlesnakes and mad dogs. Hundreds of pounds of asafoetida is still sold every year and tied about the necks of babies to ward off disease—and many persons carry the magic buckeye.

Bells to Ward Off Evil Spirits.

The use of bells originated in superstition. They were first used in China a great many centuries ago, and their original purpose was to dispel and clear the air of "evil spirits," also to break up and drive away storms. From China bells were eventually introduced into Europe. Old records tell us how the tolling of bells kept the "spirit of darkness" from assailing the people while in the act of worship. Hence the connection of bells with churches. It was only at a comparatively recent date that bells were used for calling people to church. For ages they were designed solely for keeping evil spirits at a safe distance.

More Trouble for the Maid.

Mr. Flatbush—"I understand that a small flashlight has been invented for attachment to a broom to light up dark corners while sweeping." Mrs. Flatbush—"That seems so silly. Where do you suppose the maid is going to put the fire?"

INVENTORYING

The winter months give the farmer an opportunity to take stock of his last year's successes and failures, and to turn them to good account in laying plans for the coming season.

Facts in this way brought to light may mean the dropping of a crop proved to be raised at a loss, or eliminating livestock that have been living as "boarders" on his bounty.

Progressive farmers lay their plans ahead at inventory-time. We are glad to help such farmers in their business.

We Are Ready For The Man Who Is Ready For Us

An unusual opportunity awaits some man in this city who does not have a wishbone where his backbone should be—a man who is full of spirit and ambition—one who is mentally alert and will welcome this chance to become associated with a progressive organization. The man we want need not be experienced in selling but he must have courage and energy—in other words, he must be made of real man stuff. A square deal appeals to us—so do square men and we know the man who is ready for this opening will be well pleased with it.

The man we are looking for can and WILL make good with us, regardless of previous experience. This is NOT an oil or gas stock promotion scheme. It is a proposition that is clean and legitimate—one any man will be proud to handle. If you are the man we are ready for write or wire for full particulars at once.

Dooley & Watson

SIXTH AVE. & SMITHFIELD ST. PITTSBURGH, PA.

YES, THANK YOU, THE FRANKLIN AUTOMOBILE BUSINESS IS GOOD!

Our organization is singularly free from gloom—we are up and doing, every day, and we are BUSY.

Yes, from nearly every quarter comes the cry, "What's the matter with the automobile business?

Our own Franklin business is not a marked exception to the Franklin sale throughout the country. Where other automobiles have slumped, the Franklin sale has been steady and satisfactory.

Why has the Franklin sale, under such circumstances, become [illegible] only larger? What's the reason?

There are two big reasons. First, Franklin superiority in comfort, economy and endurance. Second, the inborn desire of every [illegible] Franklin feeling to pick a winner.

For the Franklin car is a winner—no mistake on that point. No other car at any price compares.

What other car yields 20 miles to the gallon of gasoline and 12,500 miles to the set of tires? None. What other car shows such a small yearly rate of depreciation? None.

When money is "tight"—when the motor-buying public is unusually cautious—does not this remarkable tribute to a remarkable car help to prove that the Franklin is the car for you?

We shall be glad to arrange for a demonstration.

QUEEN ESTHER CIRCLE HOLDS REGULAR MEETING

Miss Hazel Peters entertained the members of the Queen Esther Circle of the Methodist Episcopal church in her home on First street, last Thursday evening. The topic of the meeting was "Homes and Housings." The leaders were Miss Elva Majors and Miss Esther Hall, who brought out the comparison of the different home life of different peoples. Special music was rendered by Miss Elizabeth Terbush. The business of the Circle was then taken up by the Vice President, Miss Mattie Kelly, and subjects of importance discussed. An invitation to attend the Young Peoples Meeting at Homestead Thursday, January 20th, 1921, was read by the Corresponding Secretary, Miss Hazeldell Lambert. Many of the girls expect to attend. Following the business meeting a social hour was spent and a dainty lunch was served by the hostesses, Misses Hazel Peters, Anna Watson, Martha Watson, Florence Hott and Elizabeth Allen.

WANTED—Young lady desires position of general office work or cashier. Call Bell Phone 565-M. 190tf

OUR JOB DEPARTMENT
IS ALWAYS BUSY—
THERE'S A REASON

North Charleroi

Mr. Oscar Criss and Mr. Harvey Criss were called to Wellsville, Ohio to attend the funeral of their brother C. H. Criss, aged 43, who died January 15th. Mr. Criss was a former resident of North Charleroi. He is survived by his wife, three children, his father and two brothers.

Mr. and Mrs. Harry Carson and Mrs. J. A. Carson of Lover visited with Mr. and Mrs. Oscar Carson recently.

Mr. Fred Frese has accepted a position in Woodlawn.

Mrs. Freeman Hagerty was a business caller in Pittsburgh yesterday.

Mr. Fred Sutherland, formerly of North Charleroi, met with a painful accident Saturday. While splitting posts, Mr. Sutherland was hit in the eye with a piece of wood causing him to lose his sight.

Their Medicine Chest For 20 Years

IT is characteristic of [illegible] to pass the allotted three score years and ten to look back on the days that are gone and thoughtfully live them over.

I find myself at seventy-one frequently [illegible] when I was a boy clerking in the little drug store I owned at Bethany, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the medicines and remedies on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and most of the system of the user, which was due to the fact that they were not thorough enough in their action, some merely acting on the upper part of the intestines, while others would act only on the lower or large intestines, and that they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Nature's Remedy, which I truly believe goes further and does more than any laxative on the market today. Two thousands of letters from users have convinced me I was right, and that the user of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Nature's Remedy from the very first.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefitted by it.

It is a consoling thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (NR Tablet) and will be better, healthier, happier people for it. I hope you will be one of them.

PIPER'S PHARMACY, CHARLEROI

AN OPEN LETTER TO WOMEN

Mrs. Little Tells How She Suffered and How Finally Cured

Philadelphia, Pa. — "I was not able to do my housework and had to lie down most of the time and felt bad in my left side. My monthly periods were irregular, sometimes five or seven months apart and when they did appear would last for two weeks and were very painful. I was sick for about a year and a half and doctored but without any improvement. A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me, and the second day after I started taking it I began to feel better and I kept on taking it for seven months. Now I keep house and perform all my household duties. You can use these facts as you please and I will recommend Vegetable Compound to everyone who suffers as I did." — Mrs. J. S. LITTLE, 3455 Livingston St., Philadelphia, Pa.

How much harder the daily tasks of a woman become when she suffers from such distressing symptoms and weakness as did Mrs. Little. No woman should allow herself to get into such a condition because such troubles may be speedily overcome by Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American women to health.

COUGHING SPELLS

Stop Them Before The Inflammation Becomes Dangerous

Coughing is far worse than merely annoying to the person afflicted and everybody else within hearing distance. It means that the membranes of the throat and lungs have become raw and inflamed. Besides weakening you, it exposes the system to dread diseases like Pneumonia and Diphtheria.

Take no chances with a cough. Bathe the throat and chest with warm water and dry thoroughly in order to get the pores well open. Apply Krew-Pina and work in by brisk rubbing—it will not blister. Melt a little in a pan over a fire and inhale the medicinal vapors. Repeat these applications until relieved.

Krew-Pina is the tremendously successful household ointment, prepared by a scientific formula from harmless home remedies, including Oil of Pine and other volatile oils, in a petroleum base. Use as directed in cases of bronchitis, croup, tonsilitis, rheumatism, soreness, bruises, cuts, scalds, bites, etc. home remedies, including Oil of Pine, at your druggist's—30c and 60c jars.

Free Sample of Krew-Pina
WILL BE SENT TO ANY ADDRESS ON REQUEST.
THE KREW-PINA CO., INC.
WAYNESBURG, PA.

If need to dissolve Dill's Digesters

DOG HATERS "CALLED DOWN"

Writer in New York Newspaper Says Some Harsh Things About Enemies of the Canine Race.

A story calculated to make dog haters grit their teeth finds its way into print, remarks the New York Tribune. An East side collie awakened his master and let him things were not as they should be, and then set off a prompt turning in of a fire alarm, which saved many lives.

At rare intervals is a case of rabies develops. With this as a basis the dog haters have secured a code whose severity is such that once in a while it naturally breaks down some dog's nervous system. Leashed and wearing a muzzle or jaw straps, man's best friend is denied a normal life. If, his temper frayed, he bites anything, no matter whether by accident or with ample justification, he is thrown into jail without trial. Not satisfied with this, there is a constant outcry for a practical extermination of the species, with only enough left to provide raw material for vivisectionists.

Yet if a score were kept showing in one column the number of human lives man's devoted servitor has saved and in another the number in anywise lost through him, the disproportion in favor of the dog would be great. A dogless civilization would be one wherein life insurance rates would be raised.

The psychology of the dog hater has never been satisfactorily explained. He exists—that is all we know about him. He can scarcely be said to take pleasure in his malignancy, for he is gloomy and somber, yet he stubbornly clings to his frenzy, putting in time inventing calumnies which one look into a dog's honest and loyal eyes sufficiently refute.

FATHER OF MODERN SPINNING

Invention of Samuel Crompton, Englishman, of Immense Importance to the Western World.

At one time muslins were imported from India for the reason that English spinners were unable to produce yarn fine enough for the manufacture of such delicate fabrics.

The invention of Arkwright by which spinning with rollers was used, and Hargreaves, with his spinning jenny, led the way for Crompton to combine both of those inventions in his mule, thereby enabling spinners to draw out long threads in large numbers to more tenuity than had ever been done by the East Indians.

This invention enabled Lancashire to assume the first place as cotton spinner to the world. Samuel Crompton was born December 3, 1753, at Firwood. He came of the farming class and had rather a good education. On the death of his father his mother carried on the farm and set Samuel to spinning at home. Five years after his majority he completed his mule, "his mind during that time being in continual endeavor to realize a more perfect principle of spinning."

This he did at the expense of every shilling he had; and he gave his invention to the world, but in such a way that he gained no credit. Years afterward his statue was erected in Bolton.—Chicago Journal.

Make Your Mind Your Klondike.

Every man has a rich mine of precious ores if he wants to work it. The other day the news went out that great oil fields had been discovered in Klondike, the land famous for gold. The papers say men are rushing to stake claims as they did in the palmy days of the gold craze, and there will be many who will part with all they have and make their way to what promises to be a quick fortune. In the last rush the way to Dawson City had many a ghastly group of bleaching bones when the snows of winter melted away. The chances are this present craze will duplicate the scene. Only a few of the many make money. It will ever be thus as long as men try to win by chance the riches that usually come by toil.—Grit.

Doctor Bond in the Boston Medical Journal adds a new item to medical knowledge of mental disease. In 71 mental patients, fevers, slight or severe, transitory or chronic, occurred in over 50 per cent, a surprising result for consecutive cases. The diagnoses varied and show that fever occurred in imbecility, epilepsy, arteriosclerotic dementia, general paralysis, dementia præcox and manic depressive psychoses. Of 10 manic depressive insanity patients, 13 had fever and 6 did not. Of 19 dementia præcox patients, 8 had fever and 11 did not, this being the only disease in which normal temperatures were found more often than the reverse.

"Old Colony" Dinner.

The customs belong to the traditional Pilgrim dinner is shown by the menu of the "dinner given in celebration of the landing of our Forefathers," which was served December 22, 1769. This is celebrated by the Old Colony Club of Plymouth with a procession of constituting of a lobster whortleberry pudding, a [illegible] succotash (succotash); a dish of clams; a dish of oysters and a dish of codfish; a haunch of venison roasted by the first jack brought into the colony; a dish of fowl; cranberry tarts, a dish of frost fish and eels, an apple pie, a course of cheese made in the old colony.

TERMS $2.00 PER WEEK

ZEIDMAN'S FURNITURE STORE

404-406 Fallowfield Ave. Charleroi, Pa.

The finest of all borders existing on extant tapestries are those by a pupil of van Orley's called Joss van Liere and belonging to a tapestry here exhibited called "Romulus Proclaimed King." It is of gold, silk and wool, the third of a series of six representing the foundation of Rome, woven probably from van Orley's designs, although the drawings by him in Munich intended for the same object do not agree with this tapestry. The extraordinary beauty of the landscape in the top left-hand corner and the strewn flowers in the foreground make this work a joy to see.

Rich Sulphur District.

At some remote time there has been tremendous volcanic activity in the region which is today the gulf coast of Louisiana and Texas; for in those parts are found deposits of sulphur vastly exceeding in quantity any known elsewhere in the world. They are covered over by hundreds of feet of later sedimentary material, and to get at the sulphur, 3 oil wells have to be sunk. Superheated water is forced down the pipes to melt the sulphur which is brought to the surface by the power of compressed air. On cooling it is ready for shipment, being 99 per cent pure.

First Aid Raid.

Five zealous Hollywood Boy Scouts have suffered a shock. They noticed, while on their way to camp, a man apparently endeavoring to entice away two little girls who were crying bitterly. Promptly they surrounded him, threw him to the ground, and bound him hand and foot with ropes. Three scouts remained to guard him and the others went for the police. On returning they made the bitter discovery that not only had their victim escaped, but that he was an inoffensive father who had been taking his crying children home to bed.—Los Angeles Times.

Burden of Riches.

Those who envy the rich should read what William Henry Vanderbilt said shortly before his death: "The care of $200,000,000 is too great a load for any brains or back to bear; it is enough to kill a man. There is no pleasure to be got out of it as an offset—no good of any kind. I have no real gratification or enjoyment of any sort more than my neighbor, who is worth only half a million. So when I lay down the heavy responsibility, I want my sons to divide it and share the worry which it will cost to keep it."
